

Pascal Hector

WEB APPLICATION DEVELOPER

Profile

I'm a web developer specializing in the JavaScript programming language and have extended my skills with TypeScript. I have a lot of experience as a Microsoft developer, so I have in-depth knowledge of React, SharePoint, Azure and Microsoft Teams. I know how to use PowerShell to automate and manage these technologies. My skills enable me to design and develop powerful, integrated web applications, specifically tailored to the needs and integrations required.
